## **FUN FACTS:**

*The American Savings Bank Campus is touted as the first new office building to be constructed in downtown Honolulu in nearly 25 years. Development of the building utilized unique construction methods and materials such as precast concrete that comprises the majority of the building and self-tinting View Dynamic Glass.*

*The American Savings Bank Campus is also recognized as the first project in Hawaii to earn the WELL Health-Safety Rating from the International WELL Building Institute in 2020.*
